

APPLICATION FOR PRAIRIE DOG OR **GOPHER** COST SHARE
FARM AND RANCH IMPROVEMENT FUND
2024

The Gopher Cost Share application window begins July 1, 2024, and will continue until funds are exhausted. Applications will be reviewed by the Farm and Range Improvement Board on a first come first served basis. This program is currently designed for NMDA approved methods such as self-applied, label approved rodenticides at a rate of 100% reimbursement, and *cannot be used for the purchase of ammunition or fuel or exhaust. Chemicals used must be approved for specific reasons, for example only gophers are on the label for Rozol. In 2024 applications will be reviewed for the purchase of traps and devices, up to \$500.00 or 50% whichever is less, but additional information may be required.* Professional management will be reimbursed at a 50% rate but must be contracted through a licensed operator. Only original receipts from 2024-2025 paid for by the Landowner or Lessee will be accepted; invoices alone will not be accepted. Only one application per entity, per year will be accepted.

COMPLETE ALL LINES OF APPLICATION, PLEASE.
